Oggetto : **DECLARATION**

Regarding the product:

[redacted] **PIGMENTED TUBALAC**

we hereby confirm the following:

1) The product is formulated to be suitable for internal coating of monoblocs cans containing foodstuffs as it complies with the following legislations regulating food contact:

- Regulation No. 1935/2004 of the European Council.
- Regulation (CE) n. 1895/2005;
- FDA (21CFR 175.300).

2) Cong - Packaging Waste Directive 94/62EC, EN 71-3.

The listed product complies with the above mentioned regulation : the sum of the concentration of heavy metals (Lead, Hexavalent chromium, Cadmium and Mercury) is inferior to 100 ppm.

The European Toys standard EN 71-3 is not applicable to this type of coating. Nevertheless, it is made from raw materials that comply with the EN 71-3 metal limits.

Best regards,
